

VIDEO INSPECTION SYSTEM

Portable, Compact, Affordable

The VIS 220 Service Camera has been developed specifically for the busy contractor to inspect:-

- Drainage and waste pipe work, ducts and flues internally
- Building damage, infestations, service and safety applications
- Manufacturing quality control and process situations

Combining state of the art camera technology, cordless operation, compact portability and rugged durability the VIS 220 provides the ultimate value package for visual inspection.

Feature:

- 26mm diameter stainless steel camera head
- Automatic Gain Control (AGC)
- 20 or 30m distance indicated push rod cables
- Super bright TFT colour monitor
- Dual rechargeable 12v batteries
- Self contained carrying case
- Camera head waterproof up to 30m
- RCA video output for recording

Models:
(20m)
(30m)

VIS 220 Service Camera

The Select VIS 220 innovative service camera system provides everything you need for the inspection of piping from 40mm to 150mm in diameter. The 26mm mini camera head delivers a crystal clear image of any internal piping problem and is waterproof to a depth of 3 bar. Dual 12v rechargeable batteries allow for over 3 hours of cordless operation.

The TFT monitor provides brilliant picture quality which can be documented to a VCR or other electronic devices through its RCA video output. The 20m distance indicated push rod cable pinpoints the exact location of the problem. All this is boxed in a heavy duty carrying case. Manufactured to the highest standards in the EU by Woehler GmbH.

Specifications

Monitor

Size: 169 x 130 x 39mm
 TFT size: 5.6" diagonal
 Video out: RCA / FBAS
 Weight: 1.800g

Power Supply

2 x rechargeable batteries 12 v/1.2 Ah NiCd
 approx. 1.5 hrs. per battery

Operating time

26mm Mini Color Camera Head

Sensor type: 1/3" COLOUR CCD
 Sensitivity: 0.5 Lux
 Lens system: f = 2.5 mm, F = 2.0
 Field of view: 120°
 Lightsource: 12 superbright white LEDs
 Protection: waterproof according to IP68 up to 3 bar
 Size: Ø 26mm x 38mm

Distance indicated push rod

Length: 20m (30m on model SEL3920)
 Diameter: 6mm

Case

Size: approx 520 x 450 x 180mm (L x W x H)
 Weight: 9.6kg

Accessories:

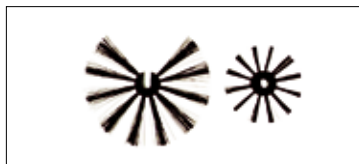

Protection sleeve

Improves availability to take bends and protects the camera head.

Centering star, 6" Ø

Centres the camera head in larger diameter piping

GrabBee Image Converter

To capture videos or snapshots to PC / Laptops. Analogue video to USB adapter. Comes with cable and software.

VIS 220 Service Camera

includes: TFT colour monitor with 2m cable, 20m distance indicated push rod cable, mini colour camera head, 2 rechargeable 12v batteries, power supply and heavy duty carrying case.
